

CAREERS: The Next Generation

Employer Application Form

Information and Communication Technology (ICT) - Internship Program

Please complete one application for each position required.

- Students can work part-time during the school year or part-time/full-time during the summer.
- Workers Compensation is covered by Alberta Education as the student is part of an off-campus learning program.
- This experiential workplace learning placement is with an employer who is willing and able to provide supervision and mentoring and at least minimum wage.
- Both CAREERS and the student's Off-campus Coordinator will support the student and employer.
